ACADEMIC VACANCY

POSITION:  Assistant Professor or Instructor of Industrial Technology

RESPONSIBILITIES:  Tenure-track faculty is expected to focus on teaching and R&D program development. An instructor is expected to focus his/her efforts on teaching.

QUALIFICATIONS:  A Ph.D. in technology, engineering or closely related field is required for appointment as an assistant professor. A master’s degree from an accredited university preferably with a bachelor’s degree from an ATMAE or ABET accredited program, is required for appointment as an instructor. We seek outstanding applicants with expertise in any area of technology or engineering, but are particularly interested in efficiency, operations management, manufacturing, quality control, process control, human factors, ergonomics, logistics, entrepreneurship, safety, reliability and system planning areas. Teaching and industry experience are a plus.

ADMINISTRATIVE UNIT:  Department of Industrial Technology. The ITEC department at UL Lafayette is one of six departments in the College of Engineering. The department has eight faculty members and over 300 students. It is fully accredited by ATMAE and is experiencing strong growth. The university is located in Lafayette, LA, an exciting community in the heart of Louisiana's Cajun Country. The University of Louisiana at Lafayette is one of eight publicly supported universities in the University of Louisiana System. The university, the largest in the UL System, is a Carnegie Research University with high research activity. The university is located in Lafayette, LA, in the heart of the Acadiana region of Louisiana. The region is highly technology and energy oriented. The community is open and friendly with a high quality lifestyle, a pleasant climate, and some of the best food in the world. Additional information about UL Lafayette is available at www.louisiana.edu/AboutUs.

SALARY:  Commensurate with experience
STARTING DATE: The expected start date is planned for Spring 2014, but the position will remain open until filled. Initial evaluation of applicants will start on October 1, 2013.

APPLICATIONS: Send letter of application; resume; copy of transcripts; name, address, phone number and email address of at least three references to:
