

ACADEMIC VACANCY

EEO# EN 6-14, and EN 8-14

- POSITIONS:** Assistant through Associate Professor, dependent on qualifications.
- RESPONSIBILITIES:** Tenure track faculty members are expected to be excellent teachers and to develop strong research programs. All faculty members participate in departmental, service and undergraduate student advising activities.
- QUALIFICATIONS:** A Ph.D. in Mechanical Engineering or closely related field, preferably with a B.S.M.E. from an ABET accredited program, is required for appointment to teach undergraduate and graduate courses. We seek outstanding applicants with expertise in any area of mechanical engineering. Related teaching, industry experience, and professional licensure are all highly desirable, as is an interest in student project activities.

ADMINISTRATIVE UNIT:

UL Lafayette is the largest of nine publicly supported universities in the University of Louisiana system. The University of Louisiana at Lafayette is a Research University with high research activity public institution with an enrollment of approximately 18,000 students with a full-time faculty of approximately 600. The University offers degree programs in 54 undergraduate disciplines, 20 post bachelor certificates, the master's degree in 28 disciplines, and the doctorate in 10 disciplines. The University of Louisiana at Lafayette is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools.

The Department of Mechanical Engineering is one of five engineering departments in the College of Engineering at the University of Louisiana at Lafayette. The department has a very strong ABET accredited undergraduate program and a growing graduate program. There are currently fourteen mechanical engineering faculty positions. Annual research expenditures in the department exceed \$1.3M a year, with primary focus areas in renewable energy, energy conservation, robotics and biomedical devices. The College of Engineering at the University of Louisiana at Lafayette has over 2,700 students and offers degrees from the B.S. through Ph.D. in all engineering. Further information about the University and the Department of Mechanical Engineering is available on the University's webpage at <http://www.louisiana.edu>.
