Staff Vacancy

Postdoctoral Research Fellow

Location: UL-Lafayette, New Iberia Research Center

ORGANIZATION:

The New Iberia Research Center is a \$20 million biomedical research center which provides resources for the conduct of basic and applied research requiring the use of non-human primates aimed at the solution of human health and societal problems. In addition, the Center serves as a resource to the biomedical community enabling investigators from other institutions to conduct all or part of their research. The NIRC is a Center of the University of Louisiana at Lafayette. Within the NIRC, the Director, Chief Financial Officer, Associate Director, Quality Assurance Auditor, the Chair of Veterinary Medicine and the Chair of Research Resources comprise the Executive Team.

MAJOR RESPONSIBILITIES:

The responsibility of this position encompasses conducting of non-human primate immune analysis and cellular and humoral immune assays. Other responsibilities include writing manuscripts and presenting results.

QUALIFICATIONS:

PhD in biology or immunology is required. Post-doctoral fellow needed to conduct nonhuman primate immune analyses funded by the NIH. Training in cellular and humoral immune assays is a must; the project focuses on simian immunodeficiency, simian/human immunodeficiency virus infection of nonhuman primates. Knowledge of viral assays and biostatistics are highly desirable. The candidate is expected to be able to work independently and within a team.

Applications:

For consideration, please forward a resume, cover letter, transcript and references (at least 3) to:
