ACADEMIC VACANCY

POSITIONS: Assistant Professor, Tenure-track  EEO#: SC 7-07

RESPONSIBILITIES: The Ray P. Authement College of Sciences, Department of Chemistry of the University of Louisiana at Lafayette invites applicants who will teach general chemistry, associated laboratories, and courses related to their field of specialization. The chemist is expected to teach, perform research, and participate fully in service activities of our ACS-Certified department, college, and university.

QUALIFICATIONS: The applicant must have a Ph.D. in chemistry and academic experience. Focus on Polymer Chemistry is strongly preferred.

ADMINISTRATIVE UNIT: The Ray P. Authement College of Sciences consists of academic departments in the disciplines of Biology, Chemistry, Mathematics, Physics, Military Science/ROTC, the School of Geosciences, and the School of Computing Informatics.

The Department of Chemistry has 14 faculty members with specialties in all of the major branches of chemistry. The Department offers B.S. degrees that meet the Certification requirements of the Committee on Professional Training of the American Chemical Society, as well as an uncertified degree option.

The University of Louisiana at Lafayette is a public research university with High Research Activity with accreditation from the Southern Association of Colleges and Schools Commission on Colleges. With an enrollment of over 18,000 students and 750 full-time faculty members, UL Lafayette is the largest of nine universities in the University of Louisiana System. The University offers degree programs in 54 undergraduate disciplines, 20 post bachelor certificates, four graduate certificates, the master’s degree in 27 disciplines, and the doctorate in 10 disciplines. Further information about the University is available on the University's webpage at http://louisiana.edu.

SALARY: Commensurate with qualifications and experience.

STARTING DATE: August, 2016

APPLICATION: For initial consideration, an application letter, CV, statement of teaching philosophy, research plan, transcripts and three letters of recommendation should be directed to the address below. The review process will continue until the position is filled. To ensure full consideration, receipt of complete application material is required on or before October 31, 2015.
