Position Title: Business Law- Instructor

Department: 22|College of Business Administration

Responsibilities:

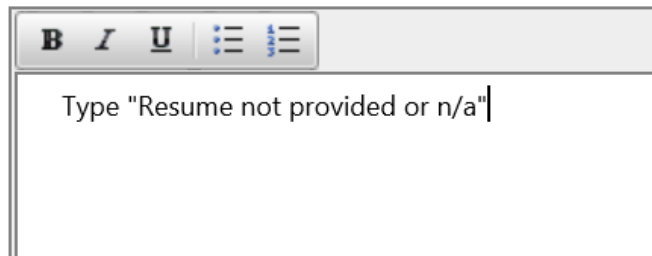

Teach undergraduate courses in Business Law. The applicant must be professionally qualified to teach in the field.

In this position, the applicant will play a key role in student engagement by proactively leading the department's mission in organizing experiential learning activities of students. Applicants are primarily teaching-oriented, a commitment to demonstrate intellectual competence, scholarship and professional development.

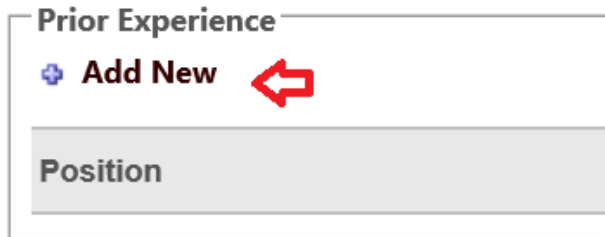

Qualifications:

The applicant must possess a Juris Doctorate

- Candidates can apply by clicking the job title, which opens the application, and has them complete demographic data, upload resume/CV/Cover Letter etc. System should parse resume data, and pull most of that into system, saving the applicant time. Up to 10 attachments can be uploaded by applicant.
- IF candidate does not have a resume/CV, they can follow the screenshot instructions below, which will allow them to bypass resume parsing:
 - Use my existing Resume/CV (View - )
 - Upload a Resume/CV from my computer
 - Write or Paste a Resume/CV

On next screen click the plus buttons to manually edit, then click acknowledgment box before proceeding to the next step.

I understand that selecting next will save
 Check off Box

- They'll click through the application until the complete all sections, then click submit application.

Applications cannot be amended once submitted; however, the vacancy should include contact information for candidates. Applicants can track the status of submitted applications via their applicant profile.
