## ACADEMIC VACANCY

**POSITION: Assistant Professor, Electrical & Computer Engineering (Tenure Track)**  
**EEO# EN 10-16**

### **RESPONSIBILITIES:**

We are seeking candidates with a robust academic record, who will be active educators in their fields. Tenure track faculty are expected to be excellent teachers and to develop strong funded research programs. In addition, serve as a mentor to students, work with colleagues to assess and improve curricula and demonstrate institutional citizenship through active engagement at the department, college, university, community, and professional levels.

### **QUALIFICATIONS:**

A Ph.D. in Electrical & Computer Engineering or closely related field, preferably with a B.S.E.E. from an ABET accredited program.

Successful candidates must be committed to working effectively with diverse student populations. Applicants are expected to describe their commitment to fostering a diverse educational environment through their research, teaching, and/or service activities.

### **UNIVERSITY AND COMMUNITY:**

In the Department of Electrical Engineering, we pride ourselves on providing an outstanding education for our students in the core principles and practice of electrical and computer engineering. Here, students are taught professionalism, ethics, teamwork and leadership skills, and a keen sense of the global impact of technology. We continuously attain and maintain national eminence in scholarship and research in several areas in our field.

We are accredited by the Engineering Accreditation Commission of ABET, which means we are endorsed to provide the highest quality engineering education.

We offer an undergraduate degree in electrical engineering with concentrations in computer engineering, communications, and control, along with a master's program and an opportunity to specialize in electrical engineering through the College of Engineering's doctoral program.
