How to Create a Website Link on Your Home Screen

On iPhone or iPad

- 1. Launch Safari on your iPhone or iPad.
- 2. Navigate to the site that you want to create a Home screen shortcut to.
- 3. Tap the Share icon (the square with an arrow pointing out of it) at the bottom of the screen.
- 4. Scroll down to the list of actions and tap Add to Home Screen. (If you don't see the action, scroll to the bottom and tap Edit Actions, then tap Add next to the Add to Home Screen action. After that, you'll be able to select it from the Share Sheet.)
